This centrally located home offers very user-friendly grounds and a two story duplex with upper and lower residences. Easy access to main routes to town, bus stops, recreation, shopping and the hospital yet in a residential neighbourhood.

A circular gravel driveway gives the home some privacy from the roadside and also provides abundant parking options. The home sits back from the road and the back yard, with abundant lawn and mature trees at the back is fully fenced. Offering good privacy the backyard is ideal for families and pets, with lots of room to play in the sunshine.

The 2213sqft home is divided into an upper and lower residence. There is no connecting door between the two levels and they are accessed completely separately. Additionally, the upper level has a large side deck over the carport that wraps around the back of the home. The lower residence has walkout access to the backyard and a concrete paver patio.

2213sqft home | two separate units

Access to the upper level is a staircase from the driveway up to the deck and a door into the home. There is also a slider onto the walk-around deck which overlooks the backyard. The deck enjoys south-west exposure, making it a nice bright space.

The upper level is a 3 bedroom, 1 bathroom residence with its own laundry closet. The living space all looks out over the backyard, with lots of natural light. The living room floor was redone about a year and a half ago. A peninsula provides separation between the kitchen and open concept dining and living space.

A carport under the deck provides access to the lower residence as well as to a storage room at the back of the carport. The lower residence is a 2 bedroom, 1 bathroom home with its own laundry. This attractive unit has large windows in the kitchen and a glass sliding door, which allow for lots of

natural light into the living areas. The sliding door provides access to the backyard and patio.

This lower unit is owner-occupied, and has been freshened up with numerous updates in the last year, including new coat closet and bathroom doors, new entry door, fresh paint in the common spaces, laminate vinyl plank flooring in the second bedroom, and tiled floor in the laundry closet.

Outside the side fence and gate are new and the stairs were updated with risers and new grip treads.

While living like a duplex, the two residences do share a BC Hydro account with one main breaker, and also a hot water tank.

This home would be ideal for multi-generational families. One of the units could also be used as an in-law suite, or as a mortgage helper rental unit.

The beautiful community of Campbell River is located on the east coast of central Vancouver Island between Strathcona Park to the west, and the Discovery Islands to the east. Serving a city population of approximately 37,000, Campbell River is also the service centre for the communities on northern Vancouver Island. The city has all services and amenities, including a large hospital, a North Island College campus, rec centres, museums, major shopping anchors and a wide variety of smaller shops, a vibrant restaurant and food culture, and a growing arts community. Renowned for its amazing forests and easy access shoreline, the city prides itself on the popular paved sea walk that runs along the oceanfront as well as the forest trails which surround the community.

Campbell River is nestled in a region rich in natural resources, scenic beauty and an incredible variety of wildlife. One of the four main fishing centres on Vancouver Island, the city is internationally famous for both its ocean and freshwater fishing and the year-round salmon fishing in Discovery Passage is unmatched. From world-class golf and ocean diving to skiing, kayaking, hiking and mountain biking, visitors marvel at the variety of outdoor activities this region has to offer, all with Campbell River as a comfortable home base. Whether looking for exciting outdoor adventure or to simply appreciate the natural beauty of the region, Campbell River offers easy access.

Vancouver Island has one of the world's most diverse ecosystems: Rainforests, marshes, meadows, beaches, mountains, oceans, rivers and lakes create habitats for multitudes of wildlife species.
